A self-supporting government enterprise, the U.S. Postal Service is the only delivery service that reaches every address in the nation: more than 161 million residences, businesses, and Post Office™ boxes. The Postal Service receives no direct support from taxpayers for its operations. With more than 31,000 retail offices (not including contract offices) and the most frequently visited website in the federal government, the Postal Service relies on the sale of postage, products, and services to pay for operating expenses.

EXPLORE  
OCEAN  
WONDERS!

### Into the Deep: Stamps Under the Sea Folio

Explore underwater surprises, from tiny starfish to great white sharks, as you unfold the levels of the sea floor. Including stamps from *Creatures of the Sea* (1990), *Wonders of the Sea* (1994), *Aquarium Fish* (1999), and *Sharks* (2017), this colorful marine display (which unfolds to 34" x 9") makes a thoughtful gift for ocean-enthusiasts and those new to stamp collecting.

474527 / \$18.95

### Eugenie Clark / 58¢ / FOREVER

Affectionately known as the "Shark Lady," this pioneering marine biologist worked to change public perception of sharks. The stamp features a playful and vibrant digital collage.

## American Commemorative Panels

Designed to showcase limited-edition commemorative stamps, each 8 1/2" x 11 1/4" panel contains four or more mint stamps, an inside story on the stamp subject, and a photo-engraved intaglio design element.

**SUBSCRIBE TODAY**

Call 844-737-7826 to sign up for any American Commemorative Collectibles program. Items available through subscription only.

## American Commemorative Collectibles Subscription Program

Receive your favorite stamp collectibles all year long through one of our three unique programs. Enhance your collection with the rich imagery, fascinating text, and mint stamps found on **Commemorative Panels. Collection pages** slip easily into your stamp binder, and **Cancellation pages** include all the production details you need to know for each issuance.

### AMERICAN COMMEMORATIVE CANCELLATIONS

#### Day of the Dead

In recent decades, Day of the Dead has caught on in the United States as a festive celebration for all ages, but its roots stretch back to pre-Columbian times. Catholic missionaries who arrived with the Spanish colonists starting in the late 1500s introduced All Saints Day and All Souls Day to the Americas, and the indigenous peoples infused these November 1st and 2nd holidays with their own rituals around commemorating and connecting with deceased ancestors.

The modern version of Día de los Muertos, as it is known in Spanish, rose out of the activities of the 19th century. Among the groups finding their voices were Chicano artists in Los Angeles and San Francisco who sought inspiration in indigenous Mexican culture and regarded Day of the Dead as a way to affirm their heritage and build pride. They combined contemporary and traditional iconography to appeal to all generations of Mexican Americans, unite the community, and guide the general public toward a more positive understanding of Mexican culture.

Since then, hundreds of thousands of Americans from all walks of life have come to appreciate and enjoy Day of the Dead, particularly in U.S. cities with large Mexican and Central American immigrant communities. Celebrations hosted by museums, galleries, and community centers take place every November and may feature an exhibition procession, costume contest, face painting, music, dancing, and special food. At the heart of it all is the offering, or ofrenda, honoring not only departed family members but also heroes and celebrities. Often assembled by artists, ofrendas feature colorful textiles and cut tissue paper, marigolds and other flowers, candles, photographs, and mementos, as well as the iconic decorated candy or paper-mâché skulls.

**Dragons Pop-Up Book**  
477527 / \$39.95

# Designing with Dragons

How fun and fantastical stamps inspired a pop-up book

TO SAY that Don Clark stays in touch with his inner kid is an understatement. The artist spends his days in a barn-turned-studio, surrounded by his collection of retro children's books and toys, working on fun-filled projects like the Dragons stamps for the Postal Service. Not long ago, Clark collaborated with the postal team to bring the four dragons from those stamps to life in an immersive pop-up book, drawing on memories from his own childhood. "My favorite children's books were always the ones you can get lost in," Clark says. Wordless and whimsical, the book was designed to spark the imaginations of children and parents alike as they explore it together. Here's how Clark and a team of experts in design, production, and storytelling told the tale of a little girl's adventure with her dragon friends.

### The Story

The team knew from the start that the book would be wordless, but it still needed a story. To guide Clark as he drew, writer Abby Farson Pratt dreamed up the tale of a little girl who reads a fanciful book about dragons and then starts glimpsing the fantastical creatures from the windows of her school bus. "I thought about myself as a child," Pratt says. "I loved fairy tales, and I used to think, 'Wouldn't it be exciting if I walked into the forest by my house and there were actually fairies there?'"

### The Paintings

Stamps and children's books are two very different art forms. Clark drew the dragons on the stamps using clean lines and almost geometric shapes, but the postal team wanted to create a book that felt "painterly," with lots of texture, Clark says — like a traditional children's book. Clark created both the initial sketches and the final paintings digitally. "The technology now is such that you almost can't tell the difference between digital brushes and gouache or oil," he says.

### The Pop-ups

Many pop-up illustrations are blank on the reverse side. To make the scaly, fire-breathing creatures feel as real as possible to kids, Clark illustrated the back of each dragon's body. Pop-ups also tend to be fragile, so the books were hand-assembled for durability, with the dragons carefully spaced out and their edges cut in a way that maximizes sturdiness. Production manager Andrew Greeley, who now reads the book over and over with his two-year-old, can say from direct experience that prioritizing the strength of the book's construction was the right decision. "All the other pop-up books we have end up getting torn," he says. "This one has stood the test of time."
